Raintree February 2004, 2004. Library Binding. Book Condition: New. Perhaps most amazing of all are the comparisons between the basic life processes of humans and other animals, especially when viewed up close. In this series, readers literally get an inside look at the shape and function of bones and muscles, and along the way learn the importance of exercise and good nutrition. Labeled anatomy diagrams that are age appropriate provide ample opportunities for presenting magnified and microscopic images.
