003303--Reconstructing Iraq- Insights, Challenges, and Missions for Military Forces on a Post-Conflict Scenario 84 Pages 2003  
During World War II, the U.S. military's extensive planning for the occupation of Germany was a major factor in achieving long-term strategic objectives after the war was won. More recent examples of military operations also emphasize the challenges of post-conflict operations and the criticality of detailed planning and preparation. As the possibility of war with Iraq looms on the horizon, it is important to look beyond the conflict to the challenges of occupying the country. THIS ITEM IS SOLD AS A DIGITAL DOWNLOAD ONLY.
