Language: English Brand New Book ***** Print on Demand *****.Excerpt from *Breaking the Building Blockade* America will have better housing, says Robert Lasch, only when the people demand it - and that means only when you and I face the facts of the building blockade and understand how to break it. Here are the facts and here is a definite plan for providing adequate housing throughout this country. The author, an editorial writer for the *Chicago Sun*, has for several years been investigating the housing problem from every angle, and in clear, forceful style he now suggests a course of action that flows logically from the indisputable needs of our time. He measures the deficiencies of our present living conditions - they will shock most of the readers of this book. He describes the barriers that stand between us and decent living quarters at a price the ordinary American can afford - this is a book that minces no words.
