Learning Android Game Programming is your hands-on, start-to-finish guide to creating winning games for today's rapidly growing Android mobile device marketplace. If you have even basic Android development experience, Rick Rogers will help you build on your knowledge to quickly create low-budget 2D mobile games that sell. The book starts with an up-to-the-minute overview of today's Android mobile games marketplace, reviews each leading genre, and teaches you the foundational concepts of game development. You'll design a simple game, then master every step of game development with AndEngine--the powerful, open source, free game-development engine. Every chapter teaches with sample code you can actually use, including many examples drawn from the published game. 444 pp. Englisch.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.
 -- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
 -- Dr. Barney Robel Jr.
