Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 280 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In a short and concise form this book describes a generic system for a fair and efficient democratic government. While we present a theoretical birds eye model in a fictional country, it is of particular relevance to Canada with its current debate about the first-past-the-post electoral system and the usefulness of an appointed Senate. Democratic governments offer the best guarantee against human rights violations but they are not free of shortcomings. Excessive partisan politics, pop and celebrity fixations that may lead to emotional and irrational ballots or the undue influence of financial means to gain political power are just a few examples. The purpose of this book is to suggest safeguards against such weakness. Our prime tenets are (i) administrative efficiency, (ii) a government that is transparent and accountable with sufficient checks and balances, (iii) broad popular participation in the political process, (iv) regional self-determination and (v) the protection of minority rights. While grass-root democracies are often accused of suffering under slowness and indecisiveness we demonstrate how modern internet technology would make it possible to adhere to strict democratic fundamentals and still maintain a high degree of proficiency. We present a concept of a web-based infrastructure and syntax to accommodate voter registration and electronic voting. In democracies, the building blocks of the government are political parties. We examine how parties are being formed, followed by a discussion about the election of members to the parliament. Much space is allocated to the distinction between professional and non-professional parliamentarians. Our next attention is directed to various forms of the legislative assembly. We scrutinize (i) the Parliamentary versus Presidential System of Government, followed by (ii) a study of...
