Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

Not illustrated. 1804 Excerpt: .indulgence, by an attack from those dreadful maladies. Some people are very fond of herb-ale, and diet drinks, the ingredients of which are bitter herbs and roots, and are equally pernicious when continued long, or frequently resorted to. When apoplexy has once affected a person, in the advanced period of life, even if temperate in modes of living, it ought to be a veto against the use of all spirituous or fermented liquors. In such conditions of body, it is surprising how small a quantity of wine will induce stupor.--A gentleman of my acquaintance was subject to periodical apoplexy, (for such I presume to call it, from the frequent attacks,) for the last three years of his life. Such was the recurrence of this disease, that certain signs of plethora always indicated an approaching fit. From these premises, I often H 4 foretold foretold to his relations the exact period of a new paroxysm. Some paralytic affection commonly remained after each attack, such as hesitation of speech, inability to retain his urine and stools, c. This gentleman was now upwards of seventy; and had nothing besides that constituted the apoplectic make: he had been accustomed to much country exercise; and always very moderate in the use of wine: but now he could not take two glasses, without defect of voice and speech, and stupor coming on. Yet, in this situation, he had upwards of thirty distinct fits of apoplexy, the greater part of which I...
