Recareering: Dynamic Re-Direction by S. Thoman and Kef Hollenbach is a contemporary view into the recareering phenomenon; offering insight and experience from those who have successfully done it several times. Whether voluntary or involuntary, for financial or personal gain, recareering has become the option of choice for those who are entering retirement age who still wish to remain active, and devote themselves to the things that make them truly happy. Using updated, real-life applications, and with a strong focus on finding ones true calling, this work is delivered with an almost metaphysical approach, urging the reader to embrace the things they were truly meant to do.
