Outskirts Press, United States, 2014. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Is America a Good Place for Children? An in-depth look at the serious threats to the well-being of children in America. Child abuse, child pornography, child sex trafficking and child prostitution are addressed statistically and presented graphically in a number real life incident reports from the media. Readers may be surprised to learn how America ranks with other developed countries in the number of homeless children, the poverty rate among children and number of pre-term birth defects plus in other measures of well-being. The author, a grandfather with thirteen grandchildren, and a retired psychotherapist, lays out action steps that parents, grandparents and others can take to confront the sources of danger to the children. The author recommends supporting one or more of the listed legal advocacy organizations and covering children with prayers and blessings for their protection. Finally, he emphasizes the importance of spending quality time guiding and monitoring children concerning the specific risks and dangers of sexting and on-line predators....
