

## Should I Stay or Should I Go? Air Force Pharmacist Retention at the First Decision Point: Factors And Fixes

Filesize: 5.47 MB

### ***Reviews***

*This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.*

*(Rene Olson)*

## SHOULD I STAY OR SHOULD I GO? AIR FORCE PHARMACIST RETENTION AT THE FIRST DECISION POINT: FACTORS AND FIXES

Biblioscholar Nov 2012, 2012. Taschenbuch. Book Condition: Neu. 246x189x5 mm. This item is printed on demand - Print on Demand Neuware - The Air Force has a critical shortage of pharmacists, largely due to inadequate pharmacist retention at the first decision point (FDP). The factors influencing a pharmacist's decision to stay in or separate from the Air Force at the FDP must be discovered and applied to retention programs. METHODS A customized interview was designed to assess the influence of various factors on retention decisions. This interview was conducted via telephone in December 2008 and January 2009 with pharmacists within 18 months of their FDP. Existing pharmacist retention programs were then analyzed for their ability to impact the identified decision factors. STUDY RESULTS Thirty of 33 eligible pharmacists were interviewed, a 90% response rate. Patriotism, retirement benefits, and the level of pharmacy technician competence were the strongest influences for pharmacists at the FDP to stay in the Air Force. 86 pp. Englisch.
