Trinacria Editions. Paperback. Book Condition: new. BRAND NEW, Peoples of Sicily: A Multicultural Legacy, Louis Mendola, Jacqueline Alio, "Can the eclectic medieval history of the world's most conquered island be a lesson for our times? Home to Normans, Byzantines, Arabs, Germans and Jews, 12th-century Sicily was a crossroads of cultures and faiths, the epitome of diversity. Here Europe, Asia and Africa met, with magical results. Bilingualism was the norm, women's rights were defended, and the environment was protected. Literacy among Sicilians soared; it was higher during this ephemeral golden age than it was seven centuries later. But this book is about more than Sicily. It is a singular, enduring lesson in the way multicultural diversity can be encouraged, with the result being a prosperous society. While its focus is the civilizations that flourished during the island's multicultural medieval period from 1060 to 1260, most of Sicily's complex history to the end of the Middle Ages is outlined. Idrisi is mentioned, but so is Archimedes. Introductory background chapters begin in the Neolithic, continuing to the history of the contested island under Punics and Greeks. Every civilization that populated the island is covered, including Romans, Goths, Vandals, Byzantines, Arabs, Normans, Germans, Angevins, Aragonese and Jews, with profiles of important historical figures and sites. Religion, law, geography and cuisine are also considered. The authors' narrative is interesting but never pedantic, intended for the general reader rather than the expert in anthropology, theology, art or architecture. They are not obsessed with arcane terminology, and they don't advocate a specific agenda or world view. Here two erudite scholars take their case to the people. Yes, this book actually sets forth the entirety of ancient and medieval Sicilian history from the earliest times until around 1500, and it presents a few nuggets of the authors' groundbreaking...
