

Report of the Board of Metropolitan Park Commissioners Volume 12

By Massachusetts Commission

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1905 Excerpt: .masonry, one over the Saugus Branch and one over the Western Division; a reinforced concrete arch with granite ashlar facing for culvert bridge; and the furnishing and depositing in place of 187,450 cubic yards of filling material. The progress of this work was so satisfactory that a proposal of the contractor to furnish, in addition to the work under the contract, about 12,000 cubic yards of loam, was accepted; 5,746 cubic yards were placed on the slopes and 5,002 cubic yards were placed in storage piles with manure, to make compost to be used for tree pits and planting spaces in the finished work. It was thought advisable that the work of constructing the masonry piers necessary for the parkway bridges over the Western Division and Saugus Branch of the Boston Maine Railroad should be let by the engineer of the railroad company, and done under...
