After 2000 years of human habitation, it is quite remarkable how much green space remains in this city. This guide charts places all but untouched by human hand: ancient woodland and meadows, marshes and rivers. It also locates those heartening spots where man has lost the battle with nature and wild plants have taken root amid concrete and brick. From the ancient forests of north London to the easts abandoned sewage works, south Londons commons and the wests roaming deer, Untamed London, is your handy guide to finding green among the grey. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Map.
